[Verse]
I am a humble man
But I wasn't always humble
It wasn't long ago that I had it all
Then it all went wrong
When I met this fella
J.T. Reed
His name was Johnny
But he said
"Call me J.T."
And I'll never forget the lesson that he taught me
When I tried to cross him
And I found out he was right
And I was wrong
[Chorus]
But I didn't know it then
I said
"Now wait a minute
Brother
And hold on just a second"
And I told him that his music
It didn't sound like Texas
He laughed in my face
He said
"Son
What do you know?
I don't know how they do it in Austin
But this here's the coast
And this is Texas
Too
This is Texas
Too"
[Verse]
He said
"It takes all kinds
And there's all kinds of Texas
We've got Houston and San Antone
Dallas and Laredo
We've got the Hill Country
The Big Bend
And El Paso
We've got Texas in the Valley
And we've got the Panhandle"
But he was from Corpus
And he lived in Aransas
He played on the beach
And I thought he was a joke
[Chorus]
I didn't know it then
I said
"Now wait a minute
Brother
And hold on just a second"
And I told him that his music

It didn't sound like Texas
He laughed in my face
He said
"Son
What do you know?
I don't know how they do it in Austin
But this here's the coast
And this is Texas
Too
This is Texas
Too"
[Verse]
I said
"I'm from Central Texas
Where they play it country"
He said
"This is coastal Texas
Where they play it funky
And the people here
They love it how I play it
And that's why every single bar I play in
It's the biggest bar in Texas"
I said
"But it don't sound like country
The way you play it
It sounds more like R&B
Mixed with reggae"
He said
"I don't care what you call it
It sounds like Texas
And Texas is the biggest state in country music
And this is Texas
Too
This is Texas
Too"
[Chorus]
I said
"Now wait a minute
Brother
And hold on just a second"
And I told him that his music
It didn't sound like Texas
He laughed in my face
He said
"Son
What do you know?
I don't know how they do it in Austin
But this here's the coast
And this is Texas
Too
This is Texas
Too"
[Outro]
And that's the story of how I lost it all
How I learned the lesson of my pride
How I got humbled
How I became a humble man
It wasn't long ago that I had it all
Then it all went wrong
When I met this fella

J.T. Reed
His name was Johnny
But he said
"Call me J.T."
And I'll never forget the lesson that he taught me
When I tried to cross him
And I found out he was right
And I was wrong

[Verse]
Father says
My wild ways
Are gonna be the end of me
For runnin' around with a
Man I found on the wrong side of the creek
We'd go dancing 'round on that holy ground
Where I'm not supposed to be
If I could go back
I'd say I was born that day
But
Lord
I just don't know if I would
Because when I die
At least I'll die
Knowin' I did somethin' good

[Chorus]
And he always said
"This world ain't fit for two of me"
Then he left me for dead
Where the water runs clean
In the black oak trees
[Verse]
Father said
I'd lose my head
I didn't wanna hear
Now he layin' on the bed with a hole in his chest
He'll never make it outta here
With his brown eyes open wide
Lookin' at the sky
Said "I don't wanna go to hell"
I said
"Son
Look me in the eyes
Don't be surprised
'Cause
Boy
We're already there"

[Chorus]
And he always said
"This world ain't fit for two of me"
Then he left me for dead
Where the water runs clean
In the black oak trees
[Bridge]
It's cold outside

The wind blows through the trees
We met our fate
At the hands of the sea
I took his body to the river
It won't bring him back to me
He won't rest in peace

[Chorus]
And he always said
"This world ain't fit for two of me"
Then he left me for dead
Where the water runs clean
In the black oak trees

[Verse 1]
We walk slow-slow
Dust on my feet
Papa say
“Boy
Don’t rush that heat”
Sun is hot
But the maize still small
“Time is a ladder
You can’t jump all”

[Chorus]
Wait for the rains
My son
They come when they’re ready
Not when you call them
Hold your fire
Hold your tongue
Patience is power
Learn how to hold it
(yeah, just hold it)

[Verse 2]
I say
“Papa
I’m tired
This road too long”
He laugh small-small
Humming that song
“Even eagle start as a hungry chick
Fast hand shake
But slow hand stick”

[Chorus]
Wait for the rains
My son
They come when they’re ready
Not when you call them
Hold your fire
Hold your tongue
Patience is power
Learn how to hold it
(hold it, my boy)

[Bridge]
He point that cloud
Far
Far away
“See
It’s moving
But it don’t display
Every blessing crawl before it run”
He tap my chest
“You’re not yet done”

[Chorus]
Wait for the rains
My son
They come when they’re ready
Not when you call them
Hold your fire
Hold your tongue
Patience is power
Learn how to hold it
(wait for the rains)
Patience is power
Learn how to hold it

[Intro]
ハア (ハア)
[whistling]

[Verse]
ここにひとりだけ (ここにひとりだけ)
さみしくないか (さみしくないか)
月も山にもかくれ
雲の彼方に (雲の彼方に)
山を越えても越えても越えても越えても
山の数ほど
山は幾重も
行けども山は
道も果てなく

[Pre-Chorus]
果てない果てない
果てない果てない

[Chorus]
この寂しさは果てない
この寂しさは果てない

[Verse 1]
서늘한 바람 끝에

늦여름 향기 남아
가는 빛 붙잡으며
손끝이 잠시 떨려

[Chorus]
계절이 스미는 저녁
말없이 나를 건너
지나온 날들 사이
가느린 숨이 번져
돌아갈 수는 없어도
되묻는 마음은 남아

[Verse 2]
서리 든 유리창에
조용히 손을 대니
묵은 꿈 겹겹이 떠
흔적만 희미해져

[Chorus]
계절이 스미는 저녁
익숙한 길을 비켜
발자국 소리 따라
잊었던 노래 흘러
머물 수 없는 순간을
다시 한 번 불러본다

[Verse 1 - Nam]
Trời ơi là trời
Long sàng nghiêng ngửa giữa ba đào sóng dữ
Một lá tấu dâng lên
Trăm đầu rơi
Nghìn đầu… run rẩy (hà a…)
Ai giật dây phía sau rèm ngọc
Ai cài dao dưới áo long bào?

[Verse 2 - Nữ]
Thiếp chỉ thấy
Khói hương còn thơm trên bàn ngọc
Mà người quỳ lạy đã biến thành tro
Một lời sủng ái hôm qua
Hôm nay thành bản án chém ngang lưng (ôi tình ơi…)
Chốn cung vàng
Câu cười cũng tẩm độc

[Chorus - Đối đáp]
[Nam] Nàng đã biết
Nhưng nàng im
Nàng im dưới trăng son
Trường lang gió thổi
Tiếng gươm chạm lan can
Ai ngóng
Ai trông?
[Nữ] Chàng đã thấy
Sao chàng câm
Chàng câm giữa triều đông

Mũ miện cúi thấp
Để máu oan che kín mắt rồng?

[Nam & Nữ]
Mưu sâu chốn cung son
Ai gỡ ai buộc
Một chữ "trung"
Trên lưỡi kiếm còn vương lệ hồng

[Verse 3 - Nam]
Ta nghe trong tiếng trống chiều nay
Là tim nàng
Hay tim ta rạn vỡ?
Một cái gật đầu
Đổi cả tông chi họ hàng thành bóng mộ xanh

[Verse 4 - Nữ]
Thiếp nhìn lên đôi mắt rồng chạm ngọc
Thấy mình nhỏ như hạt cát bên ngai
Nếu cứu người
Thiếp hóa thành tội tặc
Nếu quay lưng
Thiếp sống… mà hóa bia ai?

[Chorus - Đối đáp]
[Nam] Nàng chọn đi
Giữa dao gươm hay lặng câm tàn tật
Ta chọn rồi
Chọn đêm nay phơi hết ruột gan (ha ha… đau thay!)
[Nữ] Thiếp chẳng chọn được
Bởi số thiếp viết bằng son trên trát lệnh
Chỉ xin trời
Cho một tiếng sét xé đôi màn vàng

[Nam & Nữ]
Mưu sâu chốn cung son
Vây kín như tường gạch
Một tiếng "nghi"
Chôn vùi cả tiếng "thương" chưa kịp sang ngang

[Bridge - Song ca]
[Nam] Nếu mai này đầu ta trên giá
[Nữ] Thiếp xin cười
Cười đỏ cả môi
[Nam] Nụ cười ấy dâng cho hoàng triều hắc ám
[Nữ] Cho họ thấy
[Both] Kẻ bị giết… vẫn nhìn thấu lòng người (a… a…)

[Chorus - Nữ trước
Nam họa]
[Nữ] Mưu sâu chốn cung son
Ai khóc ai cười?
Lệ thiếp rơi
Trên chiếu chỉ còn thơm mùi mực tím
[Nam] Mưu sâu chốn cung son
Ai nhớ ai quên?
Huyết ta chảy
Len vào từng viên gạch của hoàng thành

[Nam & Nữ]

Trời có mắt
Trời có mắt hay nhắm mi trong cung?
Nếu trời lặng
Để chúng ta hát thay tiếng sấm giữa hư không (hà a… ôi!)

[Verse 1]
يا بو البحر
وجهك يشبه وجه جدّي
ملحك على جرحه
و ريحك فـ ثوبه تعدّي

خبزة على صحنٍ واحد
نقسم تعب يومٍ طويل
هالعرق اللي فوق الجبه
هو رزقنا و هو الدليل

[Chorus]
إحنا أهل البحر
ناكل من تعبه و نطيح بحضنه
نغوص فالعتم
و الضحكة ترجع مع أوّل مَوجة (آه يا بحر)
إحنا أهل البحر
نقسى معاه و هو يقسى علينا
بس لو يغيب
نحس العمر ما له قيمة

[Verse 2]
يا رفيجي شد الحبل
ترى الموج ما يرحم حدّ
لو واحد فينا يتعب
كل الكتف لكتفه يسند

ليالينا فوق السطح
نسولف عن بكرا الجاي
لا مالٍ يجمعنا
بس كسرة خبزٍ و دعاي

[Chorus]
إحنا أهل البحر
ناكل من تعبه و نطيح بحضنه
نغوص فالعتم
و الضحكة ترجع مع أوّل مَوجة (هيه يا ربع)
إحنا أهل البحر
نقسى معاه و هو يقسى علينا
بس لو يغيب
نحس العمر ما له قيمة

[Bridge]
مرّه يعطينا لؤلؤ
مرّه ياخذ منا رجال
نرجع له و قلوبنا ترجف
عادَه طريقٍ ما له بدال

[Chorus]
إحنا أهل البحر
ناكل من تعبه و نطيح بحضنه
نغوص فالعتم

و الضحكة ترجع مع أوّل مَوجة (آه يا بحر)
إحنا أهل البحر
نقسى معاه و هو يقسى علينا
مهما تعبنا
نبقى له أهل و قسمة شاعنة

[Verse 1]
Auf meinem Tisch
Ein Stapel leerer Seiten
Vom Staub verwischt
Von Nächten
Die nicht bleiben

Dein Name schwer
In jeder ungeschriebenen Zeile
Die Hand so leer
Mein Herz zu laut
Zu feige

[Chorus]
Das sind die Briefe
Die nie ankamen
Ohne Adresse
Ohne Mut
Verblasste Worte
Die nie brachen

Durch deine Tür
Durch dein Blut
Ein ganzes Leben in den Rändern
Die Tinte trocken
Doch die Sehnsucht brennt
Das sind die Briefe
Die nie ankamen
Und niemand kennt

[Verse 2]
Der Füller ruht
Wie ein gestürztes Schwert
Mir fehlt der Mut
Für ein einzig kleines „Wert“

Ich schrieb dich fort
Auf jede Wand im Zimmer
Doch vor dem Wort
Wurd jeder Strich noch immer
Ausradiert

[Chorus]
Das sind die Briefe
Die nie ankamen
Ohne Adresse
Ohne Mut
Verblasste Worte
Die nie brachen
Durch deine Tür
Durch dein Blut
Ein ganzes Leben in den Rändern
Die Tinte trocken
Doch die Sehnsucht brennt
Das sind die Briefe
Die nie ankamen
Und niemand kennt

[Bridge]
Vielleicht hast du
An manchem grauen Tag
Gespürt
Wie irgendwo
Ein leises Zögern zitternd an dir nagte

Vielleicht war ich
Nur ein Schatten an der Wand
Der nie zu dir
Nur immer von dir schreiben fand

[Chorus]
Das sind die Briefe
Die nie ankamen
Schwer wie Steine
Leicht wie Luft
Sie liegen hier wie kleine Gräber
In meinem Schreibtisch
In der Gruft
Ein ganzes Leben in den Rändern
Die Tinte still
Doch meine Träne rennt

Das sind die Briefe
Die nie ankamen
Und niemand kennt

Tras pinos de agua

[Verse 1]
Tra colline e sorgenti chiare
Pastore e ninfe in danza lenta vanno
Ride il ruscello
Mormora il vento
Sotto l'alloro Orfeo sospira piano

[Chorus]
O dolce giorno tra l'erba e i fior
Arde nei petti un placido ardor
Canta la terra il suo lieto color
Lieve s'innalza al ciel questo amor

[Verse 2]
Eco risponde ai flauti innamorati
Dafne si cela tra i rami d'argento
Pan posa il piede sull'erba dorata
E tace il bosco
Stupito del momento

[Chorus]
O dolce giorno tra l'erba e i fior
Arde nei petti un placido ardor
Canta la terra il suo lieto color
Lieve s'innalza al ciel questo amor

[Bridge]
Giove da lungi sorride al prato
Venere intreccia ghirlande al mattin
Pace immortale sul gregge posato
Sfuma nel vespro il dorato destin

[Chorus]
O dolce giorno tra l'erba e i fior
Arde nei petti un placido ardor
Canta la terra il suo lieto color
Lieve s'innalza al ciel questo amor

[Recitativo]
Io vi dico che la moglie
Del mio barbiere lo tradisce
Ma con chi? col suo amico più caro
E perché? perché
Perché è stupido
E sempre puzza di cane
Un giorno mentre loro due stavano nel letto
Il mio barbiere è rientrato in casa
E la sua dolce mogliettina
Non l'ha proprio salutato
Che ridere

Il povero uomo pensa che stia per perdere il lavoro
Ma non ha idea che abbia già perso la moglie

[Verse 1]
(Er, halb sprechend)
Du kommst mit seidnen Handschuh'n an
Ich mit Tinte an den Fingern
Dein Schritt hallt über Marmorflur
Meiner bleibt im Hof
Im Winter

(Sie, zögernd)
Du sprichst von Büchern
Von Ideen
Die hier kaum jemand nennt
Ich hab gelernt
Nur leis zu träumen
Was dieses Haus mir gönnt

[Chorus]
(Beide, gesungen)
Zwischen Stufen und Sternen
Steh'n wir
Hand fast in Hand
Dein Blick rührt mein Herz
Doch ich hänge am Rand
Sag
Kann Liebe sich heben
Über Titel
Über Stand?
Zwischen Stufen und Sternen
Brennt ein heimliches Band

[Verse 2]
(Sie, sprechend)
Man sagt mir
Was sich schickt
Was ziemt
Mit wem ich lachen darf
Mit wem nicht
Du stehst im Schatten unsrer Tür
Und trägst das hellste Licht

(Er, leise singend)
Ich trag kein Wappen auf der Brust
Nur deinen Namen auf der Zung
Ich hab nur Mut und leere Taschen
Und dieses Herz
Noch jung

[Chorus]
(Beide, gesungen)
Zwischen Stufen und Sternen
Steh'n wir
Hand fast in Hand
Dein Blick rührt mein Herz
Doch ich hänge am Rand

Sag
Kann Liebe sich heben
Über Titel
Über Stand?
Zwischen Stufen und Sternen
Brennt ein heimliches Band

[Bridge]
(Er, sprechend)
Wenn ich nur einmal laut dich rufen dürfte
Vor all den strengen Augen hier

(Sie, aufblühend)
Und ich zum ersten Mal selbst wählen könnte
Wen ich ins Leben führ

(Beide, leise singend, im Kanon)
Vielleicht sind's nur ein paar Schritte
Doch die Treppe wirkt so groß
Wenn du wartest
Wart ich mit dir
Und der Abstand wird… nicht bloß

[Chorus]
(Beide, gesungen, inniger)
Zwischen Stufen und Sternen
Steh'n wir
Herz dicht an Herz
Die Welt ruft nach Regeln
Wir flüstern durch den Schmerz
Ja
Die Liebe kann wachsen
Über Titel
Über Stand
Zwischen Stufen und Sternen
Wird aus heimlich ein Band

[Verse 1]
Midnight in the wheat field
Old truck ticking as it cools

Sky poured out in black ink
Stars like watching eyes, not jewels
Cigarette a small red planet
Shaking in my tired hand
Something hums behind the silence
Like a word I can't withstand

[Chorus]
There's gravel under heaven
And it's grinding in my teeth
Something older than the Bible
Crawling underneath
If the Lord made all creation
Who's that whisper in the seam?
I'm praying in a language
That I never meant to dream

[Verse 2]
Barn light swinging lazy
Throwing halos on the mud
Crows lined up on the fenceline
Like they're waiting on a flood
Wind says names that ain't familiar
Through the knot holes in the wood
There's a pattern in the locusts
I can't count it, but I should

[Chorus]
There's gravel under heaven
And it's grinding in my teeth
Something older than the Bible
Crawling underneath
If the Lord made all creation
Who's that whisper in the seam?
I'm praying in a language
That I never meant to dream

[Bridge]
I scratched circles 'round the doorway (oh Lord)
Salt and scripture on the floor
But the sky keeps leaning closer
Like it wants to touch the core
If salvation wears a Stetson
He ain't riding in for me
Just a shape out on the ridgeline
Where the road stops being street

[Chorus]
There's gravel under heaven
And it's grinding in my teeth
Something older than the Bible
Crawling underneath
If the Lord made all creation
Who's that whisper in the seam?
I'm praying in a language
That I never meant to dream

[Intro]
Pisca azul
Luz no chão
Cara na tela
Dedo no botão (hey!)

[Verse 1]
Câmera na esquina

Drone na laje
Cartão passa
Vira tua viagem
Sorriso registrado na catraca
Até teu erro vem com nota fiscal

GPS marcando o meu cigarro
Radar medindo o quanto eu fujo
Mensagem some
Mas fica salvo
Tudo arquivado nesse muro sujo

[Chorus]
Eles têm olho na placa
Olho na face
Contam meus passos
Sabem meu passe
Mas hoje eu travo o sinal nessa cidade
Faço do baile a minha liberdade

Olho na placa
Olho na face (aham)
Leem meu pulso
Querem meu chave
Mas quando o grave derruba a grade
Só tem verdade dentro da bagage

[Verse 2]
Pulseira no pulso
Diz onde eu tava
Porta girando
Senha cruzada
Moeda vira número na nuvem
E a nuvem vira grade camuflada

Falam meu nome na voz robô
“Cidadão novo
Risco de calor”
Se eu piso fora da linha pintada
Já vem alerta pro supervisor

[Chorus]
Eles têm olho na placa
Olho na face
Contam meus passos
Sabem meu passe
Mas hoje eu travo o sinal nessa cidade
Faço do baile a minha liberdade

Olho na placa
Olho na face (vai!)
Leem meu pulso
Querem meu chave
Mas quando o grave derruba a grade
Só tem verdade dentro da bagage

[Bridge]
[Beat cai
Só grave pulsando]
Fecha o registro

Corta a luz
Mesmo no escuro eu sei quem me usa
Liga o som alto
Some o juiz
No meio do asfalto a rua me escuta (hey!)

[Chorus]
Eles têm olho na placa
Olho na face
Contam meus passos
Sabem meu passe
Mas hoje eu travo o sinal nessa cidade
Faço do baile a minha liberdade

Olho na placa
Olho na face
Leem meu pulso
Querem meu chave
Mas quando o grave derruba a grade
Só tem verdade dentro da bagage (só verdade)

[Verse 1]
Coffee gone cold on the sill
Logbook open to the rain
Gulls write their names on the wind
Then vanish again

Lantern glass fogged with my breath
Rust in the cracks of the stair
Every step up is a prayer
No one will hear

[Chorus]
I am the keeper and the sea
Trading secrets in the dark
Every wave remembers me
Then pulls away from shore and heart
If someone calls me by my name
It's only in the storm's white roar
I light the way for those who stray
And watch them disappear once more

[Verse 2]
Letters I never will send
Folded inside an old coat
Tides carry driftwood and dreams
But never a boat

Calendar stuck on July
Nails in the walls hold the years
I talk to shadows at dawn
They answer with tears

[Chorus]
I am the keeper and the sea

Trading secrets in the dark
Every wave remembers me
Then pulls away from shore and heart
If someone calls me by my name
It’s only in the storm’s white roar
I light the way for those who stray
And watch them disappear once more

[Bridge]
Some nights I almost douse the flame (oh)
Just to see the world go black
Wonder who would really miss
This quiet tower on the crag
But my hands know what to do
Strike the match and turn the wheel
I stay unseen so others live
On roads I’ll never feel

[Chorus]
I am the keeper and the sea
Trading secrets in the dark
Every wave remembers me
Then pulls away from shore and heart
If someone calls me by my name
Let it be a wandering star
I’ll raise the light
Then fade from sight
A lonely house beside the dark

[Verse 1]
Salivano a file lente
Scarponi e cuore in gola
Un fucile
Una lettera
E il profumo di casa

La neve gli coprì il nome
Il vento imparò la voce
Madri ferme alla finestra
Con la tavola apparecchiata

[Chorus]
Per voi che siete rimasti lassù
Tra pietre bianche e silenzio blu
Giovani occhi che il tempo rubò
Noi cantiamo il vostro “tornerò”
Per chi partì ragazzo e non tornò
Noi cantiamo il vostro “tornerò”

[Verse 2]
Tra i larici e le trincee
Un saluto a mezza bocca
“se non scendo
Fratello mio
Porta giù questa foto”

Un cappello sull’erba alta
Una penna contro il cielo
Come un dito che ci indica
La via dritta del coraggio

[Chorus]
Per voi che siete rimasti lassù

Tra pietre bianche e silenzio blu
Giovani occhi che il tempo rubò
Noi cantiamo il vostro “tornerò”
Per chi partì ragazzo e non tornò
Noi cantiamo il vostro “tornerò”

[Bridge]
Non c’è inverno che cancelli
Le impronte sopra il ghiaccio
Ogni croce lungo il sentiero
È un compagno che cammina accanto (oh)

[Chorus]
Per voi che siete rimasti lassù
Tra pietre bianche e silenzio blu
Giovani occhi che il tempo rubò
Noi cantiamo il vostro “tornerò”
Per chi partì ragazzo e non tornò
Noi cantiamo il vostro “tornerò”

[Intro]
Red tint on the stove light
Whole block breathe slow like it's ghost night
Mask on
Eyes low
Ain't no soul right
(I ain't feelin' nothin')
That's the cold life

[Verse 1]
Ziploc
Fent drops on the chipped plate
Bandana round my face like a skin-gate
Rowhouse
Trap couch full of ash burns
Dope fumes in my lungs when the cash turns
Corner boy twitchin' off a bad line
Heard he ran his mouth once
That's a flatline
Black hoodie
Black Taurus on the bus seat
Step off
Dark thoughts on a one-way drumbeat
Three in the morning
Junkies in a slow jog
Teeth clack
Whole block like a fog log
Inside
I'm numb
Just a stain in a stained tee
Saint on the wall with a hole where the face be

[Chorus]
Nightmares on Allegheny
We don't wake up
Perc' cups
Pill dust on the razor's edge
Every handshake feel like a set-up
Whole crib smell like powder and death
Nightmares on Allegheny
Pray don't save us

Angels look away when the doors get kicked
If I spin once
I don’t say much
Just a flash
Then your name on a brick

[Verse 2]
Uptown run
Trunk stuffed with the white sins
Mind racing
Heart calm when the light dims
Opp block
Tinted car at the light post
Pill buzz got me feelin’ like a lifeboat
Hop out
One hand on the grip tight
Other hand tremble from the last night
Lean drip
See a face in the chrome slide
Maybe that’s me on the wrong side
Kids on the porch
Mom at the screen door
I see ‘em
Still aiming at the green Ford
Gun smoke mix drastic with the cracked air
Tires peel
Hear screams in the back there
Later on
Count cash on a torn bed
Same hoodie
Same stain
Same warped head
Tell myself it’s the pills
It’s the hunger
But I liked how the power made the night thunder

[Chorus]
Nightmares on Allegheny
We don’t wake up
Perc’ cups
Pill dust on the razor’s edge
Every handshake feel like a set-up
Whole crib smell like powder and death
Nightmares on Allegheny
Pray don’t save us
Angels look away when the doors get kicked
If I spin once
I don’t say much
Just a flash
Then your name on a brick

[Bridge]
How many ghosts in this one block?
How many names in my front pocket?
How many times I could’ve walked off?
Instead I doubled back just to feel God cough (hey)

[Chorus]
Nightmares on Allegheny
We don’t wake up

Perc’ cups
Pill dust on the razor’s edge
Every handshake feel like a set-up
Whole crib smell like powder and death
Nightmares on Allegheny
Pray don’t save us
Angels look away when the doors get kicked
If I spin once
I don’t say much

[Intro]
Sun down
Shades low
Slow roll
Where we go? (yeah)

[Verse 1]
Gold chain on my chest
Lil’ halo crooked
Candy paint drip slow
Everybody lookin’
Shorty in the front seat
Laughing at my sins
Say she wanna lose track of how the night begins

Double cup
One sip
Tongue getting reckless
Hand on her thigh
Other hand texting
"Pull up
" send the pin
Got the crew in route
Every vice on deck
We gon’ sort that out

[Chorus]
We just vibin’
Ridin’
Air so thick
Sweet on my tongue
Make the clock move quick
Velvet smoke
Late nights
Bodies so lit
If it feel that good
We ain’t stoppin’ that shit (hey)
Vibin’
Ridin’
Sweat on skin
Lips on my neck
Let the bad thoughts in
Velvet smoke
Late nights
Bodies so lit

If it feel that good
We ain’t stoppin’ that shit

[Verse 2]
Backseat crowded
Two more climbed in
Lotion on her legs
Got my brain gone dim
She whisper in my ear
Voice low
Too raw
"Do everything you think of
Break every last law"

Wallet on the dash
Throw the cash in the air
Friend on the table
Losing clothes
Losing cares
Teeth on her shoulder
Nails in my back
Whole room spinning while she grind like that

[Chorus]
We just vibin’
Ridin’
Air so thick
Sweet on my tongue
Make the clock move quick
Velvet smoke
Late nights
Bodies so lit
If it feel that good
We ain’t stoppin’ that shit (oh yeah)
Vibin’
Ridin’
Sweat on skin
Lips on my neck
Let the bad thoughts in
Velvet smoke
Late nights
Bodies so lit
If it feel that good
We ain’t stoppin’ that shit

[Bridge]
Who said we gotta sleep tonight?
Jaw locked tight
Pupils wide
If it cross that line
We might
Still lean in
Still say "try" (try, try)

[Chorus]
We just vibin’
Ridin’
Air so thick
Sweet on my tongue
Make the clock move quick

Velvet smoke
Late nights
Bodies so lit
If it feel that good
We ain’t stoppin’ that shit (yeah)
Vibin’
Ridin’

Ayo

[Verse 1]
Free the mandem
Buss the nine then duck the sirens
"Stop the violence" is not in my vocab
But I don't promote violence
I just hope my black people
Use their voice and start ridin'
'Cause they got us on a leash
And if we speak
It's back to hiding

[Chorus]
And the world just gets more evil
The world just gets more evil
I don't understand how
How the fuck they keep on killing my people?
How they kill my people?
[Verse 2]
In the ghetto where they bustin' off that big pump
And the last time that we lost a life
We didn't lose one
Man
The mandem wanna ride but we gon' lose funds
And the government don't care 'cause they gon' choose guns
They killed my brother for no reason
I said
"RIP to Rashan
" now
There's another for no reason
We go through the same cycle every summer for no reason
I just hope we break the cycle and start gunnin' for the treason

[Chorus]
The world just gets more evil
The world just gets more evil
I don't understand how
How the fuck they keep on killing my people?
How they kill my people?

[Outro]
The world just gets more evil
The world just gets more evil
I don't understand how
How the fuck they keep on killing my people?
How they kill my people?
The world just gets more evil
The world just gets more evil
I don't understand how

[Verse 1]
Woke up in my room
Day 74
Counting all the tiles on the bathroom floor
Prime numbers on the wall
Post-its like a proof
I've graphed every crack in this tiny roof

[Chorus]
I've got
Socially distanced
Emotionally divided
Lines on the floor
Hearts unaligned yet
Six feet apart but my thoughts collide
Quarantine equations I can't simplify
Socially distanced
Emotionally divided
Solve for X when the door's still locked tight
If love's a limit as t goes wide
Will we meet somewhere on the same side

[Verse 2]
Video call freeze
You're a pixel blur

Your laugh drops frames
Then it reoccurs
I chart my mood swings
On a scatter plot
Slope of my hope going up
Then not

[Bridge]
I take my pulse
Like it's homework due
Square every breath till it equals you (oh)
Factor my fear
Into 1 and me
Add your name in the margin carefully

[Chorus]
I'm still
Socially distanced
Emotionally divided
Lines on the floor
Hearts unaligned yet
Six feet apart but my thoughts collide
Quarantine equations I can't simplify
Socially distanced
Emotionally divided
Solve for X when the door's still locked tight
If love's a limit as t goes wide
I'll keep tending toward you
From my side

[Intro]
I chewed through the sky
Just to taste
Just to taste
Nothing

[Verse 1]
Kicked in the stained-glass dome
All those gods
Leaking air
Like slashed tires on a rusted car
Your comfort
Is a cardboard cross
Sagging in the rain
You said there's a plan
But the plan
Forgot my name

[Chorus]
So what's the point
Of all this breathing?
Teeth on the telescope
Gnawing at the void
If every scream
Evaporates in ceiling paint
Why drag my carcass
Through another morning?

[Verse 2]
You drew a future
On a coffee receipt
Folded it twice
Stuffed it in my fist
It bled through
Ink and sweat and hand-me-down hope
I opened it
It just said
“shrug”
In tiny letters

[Chorus]
So what’s the point
Of all this breathing?
Teeth on the telescope
Gnawing at the void
If every prayer
Is swallowed by the static
Why keep pretending
Any of this matters?

[Bridge]
Rip the calendar
Day by day
Confetti of failures
On the floor (hey!)
Light a match
Watch it curl
Same heat
Same hurt
Same dirt
Same dirt
Same

[Chorus]
So what’s the point
Of all this breathing?
Teeth on the telescope
Gnawing at the void
If every life
Is just a glitch in passing
Then let the meaning
Die
I’m still
Not
Laughing

[Verse]
Sweltering under radioactive skies
Crawling through a sea of rotting bones
Radioactive dirt coats our flesh
Doomsday hellfire scorches the earth

[Chorus]
Struggling to find a way to live

Constant fight to stay alive
Constant struggle to survive
Under the radioactive sky

[Verse 2]
Flesh and bones turn to ash and dust
Eyes boil out of the skull
The heat burns your lungs and airways
Choke on your screams and die

[Chorus]
Struggling to find a way to live
Constant fight to stay alive
Constant struggle to survive
Under the radioactive sky

[Bridge]
Breathe in the ash
Of the nuclear fire
Flesh melts away
In the radioactive sky
In the radioactive sky
In the radioactive sky
In the radioactive sky

[Outro]
Sweltering under radioactive skies
Crawling through a sea of rotting bones
Radioactive dirt coats our flesh
Doomsday hellfire scorches the earth

[Verse]
And the bed is soiled
I need to cleanse myself
But the shower is occupied
By the doctors' personal amusement
And there's nowhere else to go
I am the lord of nothing
The king of the black fortress
The black fortress of solitude

[Chorus]
The black fortress of solitude
The black fortress of solitude
The black fortress of solitude
The black fortress of solitude
The black fortress of solitude

[Verse 2]
A tragic comedy of my existence
A romantic horror
Banished to a black fortress
The black fortress of solitude

[Chorus]
The black fortress of solitude
The black fortress of solitude

The black fortress of solitude
The black fortress of solitude
The black fortress of solitude

[Bridge]
And when I need a shower
I am told
"Be patient
"Until the doctors' personal amusement
Is complete"
And when I need to go outside
I am told
"Be patient
"Until the doctors' personal amusement
Is complete"
And when I need to cry
I am told
"Be patient
"Until the doctors' personal amusement
Is complete"
And when I need to scream
I am told
"Be patient
"Until the doctors' personal amusement
Is complete"
And when I need to die
I am told
"Be patient
"Until the doctors' personal amusement
Is complete"

[Chorus]
The black fortress of solitude
The black fortress of solitude
The black fortress of solitude
The black fortress of solitude
The black fortress of solitude

[snare drum hits]

[Verse 1]
Un tricolore tatoué dans l'coeur
Depuis qu'j'ai vu "Le Jour le plus long"
Et "Le Grand Bazar" avec mes parents
Et qu'on m'a dit qu'c'était la France

[Pre-Chorus]
Y a des valeurs que j'respecte
Comme le Tour de France
L'amour
L'amitié
Mais pas la Patrie
C'est trop exagéré

[Chorus]
Je suis
Amoureux

D'une Allemande
Mon frère
Est en couple
Avec une Espagnole
[Post-Chorus]
L'amour est plus fort que la Patrie
L'amour est plus fort que la Patrie
L'amour est plus fort que la Patrie
L'amour est plus fort que la Patrie

[Verse 2]
Y a pas plus con qu'un patriotique
Dans son salon
Drapeaux au plafond
Avec ses maillots de l'OM
Et sa collection de disques d'Indochine

[Pre-Chorus]
Et il crie : "Allez la France !"
C'est bien
Allez-y
En vacances ou en week-end
Mais pas trop longtemps
Sinon
C'est l'enfer

[Verse]
When did you get so frail?
I watched you grow from a giant to a ghost
What am I supposed to do with you?
My God my God my God my God
I swear I'm gonna cry

[Prechorus]
It's not your fault
It's not your fault

[Chorus]
And I can't bear to see you like this
The way your body quits
Your spirit is as big as it was then
I swear I still see it

[Verse 2]
When did you get so small?
You're still my dad
And I still need you bad
What am I supposed to do with you?
My God my God my God my God
I swear I'm gonna cry

[Prechorus]
It's not your fault
It's not your fault

[Chorus]
And I can't bear to see you like this

The way your body quits
Your spirit is as big as it was then
I swear I still see it

[Verse]
Ik stond voor m'n vader's deur
Vroeg hem of hij nog kwaad was
Of 't kwaad hem kwaad maakte
Maar hij zei niets

[Pre-Chorus]
Oh en m'n broers waren bang
Dat ik nooit meer kwam

[Chorus]
Want de deur stond op een kier
Er was licht op het eind
En het licht was fel
En de lampen die schemerden
Ik kon er haast niet zijn
En m'n hoofd was leeg
Maar de lucht was zwaar
En de wolken die druppelden
En alles wat ons nu scheidt
Alles wat ons nu scheidt
Alles wat ons nu scheidt
Alles wat ons nu scheidt

[Verse 2]
M'n zus had een nieuwe job
D'r vriend was haar kwijtgeraakt
Hij had in haar tas gekeken

En zij lachte

[Pre-Chorus]
Oh en m'n moeder was bang
Dat ik nooit meer kwam

[Chorus]
Want de deur stond op een kier
Er was licht op het eind
En het licht was fel
En de lampen die schemerden
Ik kon er haast niet zijn
En m'n hoofd was leeg
Maar de lucht was zwaar

[Verse]
We live in the future tense
And when we start
It never ends
I seen you in another life
And everything was perfect
If there was a parallel universe
It'd have to be in reverse
Where everybody's your twin
Where everything is perfect

[Chorus]
We live in the future tense
When we start
It never ends
I seen you in another life
And everything was perfect
In a parallel universe
It'd have to be in reverse
Where everybody's your twin
Where everything is perfect

[Bridge]
(We live in the future tense)
We live in the future tense
(When we start, it never ends)
And when we start
It never ends
(I seen you in another life)
I seen you in another life
(And everything was perfect)
And everything was perfect
(In a parallel universe)
In a parallel universe

(It'd have to be in reverse)
It'd have to be in reverse
(Where everybody's your twin)
Where everybody's your twin
(Where everything is perfect)

We live in the future tense

[Verse 1]
Me dijeron de un país
Que cabía en un cuaderno
Dibujado en cartulina
Con consignas color cielo
Yo crecí con esa historia
Como quien guarda un secreto
Repitiendo cada frase
Para que fuera cierto

[Chorus]
Y aquí estoy
Viviendo en la promesa
De un mañana que no llega
Pero igual lo cargo en mí
Si este edén
Solo existe en la cabeza
¿es mentira la tristeza?
¿o es más cierto lo que soñé de ti?

[Verse 2]
En la esquina hacen la cola
Por un trozo de paciencia
Y en la radio un discurso
Que envejece con soberbia
Entre el hambre y la esperanza
Se nos va la adolescencia
¿qué se salva de la hoguera
Cuando arde la conciencia?

[Chorus]
Y aquí estoy
Viviendo en la promesa
De un mañana que no llega
Pero igual lo cargo en mí
Si este edén
Solo existe en la cabeza
¿es más justa la belleza
Que jamás he visto afuera de aquí?

[Bridge]
Tal vez la utopía
No se marcha ni se queda
Solo cambia de maleta
Cuando cambio de canción
Tal vez lo perdido
Es creer que estaba hecha
Y olvidar que se construye
Con cada contradicción

[Chorus]
Y aquí estoy
Viviendo en la promesa
De un mañana que no llega
Pero igual late en mí
Si este edén
Se deshace en cada prueba
Si jamás será perfecta
¿qué hago yo juzgando al mundo
Cuando el mundo
También vive
Irrealizado dentro de mí?

[Verse 1]
Chegas perto
Ficas calada
Teu perfume sobe
Quase me pára
Mão na cintura
Pele na minha
O mundo lá fora já não me diz nada

[Chorus]
Abraça-me até ao fim
Cola o teu corpo no meu
Devagar assim
Deixa o tempo se perder em ti

Só tu e eu
A dançar Kizomba aqui
Abraça-me até ao fim
Deixa o teu cheiro morar em mim
Vem
Não solta
Fica assim
Que esta noite eu nasço em ti

[Verse 2]
Teu olhar desce
Foge da luz
Teu sorriso é tudo que me conduz
Passo pra frente
Passo pra trás
Teu ritmo manda
Eu vou atrás

[Chorus]
Abraça-me até ao fim
Cola o teu corpo no meu
Devagar assim
Deixa o tempo se perder em ti
Só tu e eu
A dançar Kizomba aqui
Abraça-me até ao fim
Deixa o teu cheiro morar em mim
Vem
Não solta
Fica assim
Que esta noite eu nasço em ti

[Bridge]
Desce mais lento
Sente o meu peito bater por ti
Se eu te aperto
É pra ninguém mais entrar aqui (hey)

[Chorus]
Abraça-me até ao fim
Cola o teu corpo no meu
Devagar assim
Deixa o tempo se perder em ti
Só tu e eu
A dançar Kizomba aqui
Abraça-me até ao fim
Deixa o teu cheiro morar em mim
Vem

Fica assim
Que esta noite eu nasço em ti

[Intro]
احنا ولاد الحارة
عالحبل ماشين
جيبنا فاضي ياعين
وبرضه عايشين (يا سلام)

[Verse 1]
صحيت عالمنبه
مفيش شغل مستني
امي بتعد الفكة
تسكت جوع سنين
ابويا سايب ضهره
في طابور العيش
والجار باع دهنه
علشان يدفي العيال

شارع زحمة، عرق
وناس فوق الناس
كل واحد مهموم
مخبي الإفلاس
ضحكتنا سريعة
بتلمع وتروح
نرمي الهم نكتة
ونرجع نشيل الجروح

[Chorus]
دي حياتنا يا قاهرة
على الحرف يا بلد
نضحك واحنا مكسورين
برضه نقول الحمد
لو وقعنا بنقوم
لو اتظلمنا نصبر
دي الحارة جامعة

والوجع فيها يتشهر

[Verse 2]
أنا شاري حلمي قسط
وفايده في دماغي
كل ما اقرب خطوة
يرجعلي تاني بلاش
صاحبي مسافر بدري
"قاللي "هنا ملناش
سافر بدعوة امه
وسابلي هنا العكاش

واقف على ناصيتي
أبيع وأشتري في الوقت
ساعة أأمن روحي
وساعة أخاف من الصوت
بس لما الليل يسحر
ونقعد فوق السطوح
نرسم بكره فـ الهوا
ننسى هموم الروح

[Chorus]
دي حياتنا يا قاهرة
على الحرف يا بلد
نضحك واحنا مكسورين
برضه نقول الحمد
لو وقعنا بنقوم
لو اتظلمنا نصبر
دي الحارة جامعة
والوجع فيها يتشهر

[Bridge]
يمكن بكره يحن
يمكن الحظ يدور
بس لحد ما يحصل
مش هانكسر م الكسور (آه)
نلبس فقرنا تاج
نمشي راسنا لفوق
إحنا ولاد الشارع
وعمرنا ما نبيع الحقوق

[Chorus]
دي حياتنا يا قاهرة
على الحرف يا بلد
نضحك واحنا مكسورين
برضه نقول الحمد
لو وقعنا بنقوم
لو اتظلمنا نصبر
دي الحارة جامعة
والوجع فيها يتشهر (يا قاهرة)

[Intro]
Ay
Mira cómo baja el río
Mira cómo quiere cantar
Trae nombre de mi abuelo
Trae sal de aquel mar

[Verse 1]
Nací donde el agua reza
En la orilla de un manglar
Mi mamá lavando historias
Yo jugando a navegar

La luna se mira en negro
Color de mi libertad
En mi pelo va la tierra
En mi piel va la verdad

[Chorus]

Porque mi raíz es agua
Mi raíz es agua y mar
Lo que el río no se lleva
La marea lo vendrá a guardar

Soy del río
Soy del mar
Soy tambor de claridad
Cuando el pueblo se levanta
La corriente dice: acá

[Verse 2]
Camino siguiendo el cauce
Cada piedra sabe hablar
Cuenta de barcos lejanos
Y cadenas por cortar

Pero el canto fue machete
Abriendo monte y ciudad
Cada golpe en esta tierra
Es memoria de ancestral

[Chorus]
Porque mi raíz es agua
Mi raíz es agua y mar
Lo que el río no se lleva
La marea lo vendrá a guardar

Soy del río
Soy del mar
Soy tambor de claridad
Cuando el pueblo se levanta
La corriente dice: acá

[Bridge]
Ay
Río
Cuida mi gente (eh, eh)
Mar
Devuélveme el cantar (ay, mamá)
Que en la espuma va mi nombre
Y en la arena mi luchar

[Chorus]
Porque mi raíz es agua
Mi raíz es agua y mar
Lo que el río no se lleva
La marea lo vendrá a guardar

Soy del río
Soy del mar
Soy tambor de claridad
Cuando baila mi territorio
La marea dice: acá (acá, acá)
